

Membership Presentation: The Institute of Education of the Republic of Azerbaijan

Presenter: Sevda Ibrahimova

WHO WE ARE?

Established in **1931**

Is a scientific research organization that

participates in the implementation of the **state policy in the field of education**

conducts continuous **fundamental and applied research**

develops **content, curricula, standards** and **frameworks** for all levels of education

leads national and international **assessments and examinations** (PISA, PIRLS, TIMSS, TALIS, ICILS, IELTS etc.)

explores theoretical and practical issues related to the identification and fulfillment of **educational system needs**

encourages **educational innovation** and ensure its effective development and use

delivers **professional development programs** for teaching and leadership staff

OUR WORK IN QUALITY INSPECTIONS

2020

Pilot inspections
in **24 schools**

2021

Framework
development

- Student behaviour
- Learning and teaching
- Care, Guidance and Support
- Leadership

Ongoing

Full application of
quality monitoring

- **495 schools** inspected
- **50 schools** revisited
- On site and written feedback
about inspection outcomes
- Continuous capacity
building for inspectors

Follow-up actions

- ❖ Supporting schools in **SIP (school improvement planning)**
- ❖ Capacity building (trainings, workshops, and mentorship for **SSE-school self evaluation**)
- ❖ Developing **3 main policies**:
 - Student Behaviour Policy
 - Anti-Bullying Policy
 - Parent Communication Policy
- ❖ Introducing the "**School Methodologist Program**"

WHY WE WANT TO JOIN SICI?

➤ Learning From International Best Practices

- Access to advanced inspection methodologies
- Exchange of effective tools and approaches

➤ Staying Aligned with New Trends in Education

- Awareness of emerging policies, digital innovations, and flexible approaches to meet evolving educational needs
- Alignment with SICI themes such as flexibility, innovation, and interculturality

➤ Strengthening National Quality Assurance

- Evidence-based inspection practices supporting scientific evidence and proven practice, as emphasized by SICI
- Improved monitoring and evaluation frameworks

➤ Professional Development & Peer Learning

- Inspectors' capacity building
- Participation in workshops, study visits, and projects

THANKS FOR YOUR ATTENTION!
