

SICI

# Future-Oriented Inspection as a driver for Educational Quality

SICI Workshop

Bulgaria, June 2026

**Plovdiv city**  
**11-12. June 2026**

SICI Theme  
Future-Oriented Inspection – Innovation, Improvement &  
System Leadership

**Goal and  
Objectives**

- To contribute to the SICI global theme
- To make space for exchange of ideas, experience and vision how to transform the inspection to development's tool

# Main activities on the topics

- Small groups discussions
- Key speakers
- Conclusions
- How looks like a school which develops himself?
- Self evaluation - key instrument for quality measuring and building trust
- Inspection and digital reform in the school
- Building and developing a culture of trust and dialog between the inspectors and school teams

“Future-ready assessment doesn’t  
measure the past – it inspires change”
